

## MEMORANDUM

FROM: Paul A. Leonard, Township Manager  
TO: Board of Commissioners  
DATE: October 8, 2021  
SUBJECT: Public Adjuster Agreement

Attached to this memorandum please find a public adjuster agreement reviewed by the township solicitor as a possible professional services engagement from Young Adjustment Company, Inc., [www.youngadjustment.com](http://www.youngadjustment.com). Young Adjustment is a third-generation public adjustment company based in Blue Bell, PA which has provided services throughout the United States including to Upper Dublin Township some 30 years ago with the loss of the previous Twining Valley Club House. A principal with the firm Mr. David Horowitz (a Township resident) will be present at your meeting to answer any questions.

The company comes with high recommendations from the township solicitor's office, the Goodman Property Group and several other individuals. The Township is anticipating a significant insurance claim with to the Delaware Valley Insurance Trust, but importantly to the reinsurers including Lloyds of London and other large insurers. These groups have engaged professional third-party adjusters. It is my belief that the services of this adjuster will result in significantly larger insurance proceeds and provide administrative capabilities which Township staff do not possess.
