Re: Resurfacing of your street (Nova Chip)

Dear Resident:

Please be aware that the Upper Dublin Township Board of Commissioners has budgeted funds to resurface your street in 2024. This resurfacing has been scheduled for final surface installation starting Monday, August 19, 2024, weather and equipment permitting.

Streets will be posted with "No Parking" signs for the final paving of your street. We would appreciate it if you would refrain from on-street parking during this work so crews can work quickly and efficiently.

The following streets will receive the Nova Chip paving:

<u>Street</u>	<u>From</u>	<u>To</u>	<u>Nova Chip Re-Surfacing</u>
Booth Lane	Cedar Road	Heather Road	8/21/2024
Broad Street	1402 Gentlemens Way	Limekiln Pike	8/20/2024
Chandler Court	Aidenn Lair Road	Cul-de-Sac	8/19/2024
Garrison Drive	Tannerie Run Road	Schirra Drive	8/20/2024
Heather Road	Hoffman Road	Hoffman Road	8/21/2024
Kirks Lane	Limekiln Pike	Dreshertown Road	8/19/2024
Schirra Drive	Keisel Drive	Denston Drive	8/20/2024

Door hangers will be placed two days prior to paving. Before the final paving process, it will be necessary to sweep all the roadways. Updated dates for this work will be posted on the Township website. And township inspectors will be on-site during all of the work. If you require additional information, please contact Rebecca Barrett at 215-643-1600, extension 3810.

Thank you in advance for your cooperation.

Sincerely,

Ralph C. Alessandrini  
Acting Public Works Director
