September 6, 2024

Dear Resident of Craig-Y-Nos:

Earlier this week the Township completed assessments of surveying every private residence regarding the placement of sewer laterals for the Craig-Y-Nos Sewer Project. This is an important component in the project as its inclusion in the project bid will result in a shorter timeframe for the project and likely lower project costs for everyone overall.

We are planning a **Special Meeting on Tuesday, October 22nd, 2024 at 7:00 PM** specific to this project. This meeting will be held in the Shanis Auditorium at the Upper Dublin Library located at 520 Virginia Drive.

The purpose of this meeting is to provide a public overview on the project. Topics of discussion will include:

- Cost estimate updates
- Funding updates, including the outstanding grant application
- Timeline updates, including bidding process and projected completion date
- Answering of any outstanding questions

Prior to the public meeting, we would like to provide an opportunity for those within the project area to meet with Township staff individually, to discuss questions regarding your specific property. Questions may include the placement of your lateral, grinder pump location, and any other site-specific questions you may have. While we are happy to meet with any of those who have questions, please keep in mind that general project information regarding timeframe, funding updates and grant opportunities will be provided during the public meeting.

Individual meetings can be scheduled between the hours of 12:00 pm and 4:00 pm, Monday through Friday, September 23rd through October 4th.

For any additional questions and to schedule an individual meeting with staff, please contact Jesse Conte at jconte@upperdublin.net.

Sincerely,

Kurt M. Ferguson, Township Manager
Upper Dublin Township
370 Commerce Drive
